## Start of Block: Introduction

### IntroText

Welcome to the sixth and last wave of our study series

**"Evolution of AI perceptions" If you have completed all six waves, you will be eligible for the one-time bonus of 10\$! This is the sixth survey.**

**You are invited to this survey because you took part in the previous five surveys.**

**Thank you for staying with us.**

Dear participant Thank you for your interest in this survey series on perceptions and usage of artificial intelligence (AI). By AI, we refer to language-based, generative systems like ChatGPT, Copilot, Claude, Gemini, as well as systems like Siri, Apple Intelligence, or Amazon's Alexa. **This research involves six surveys (of which you already took part in the first five)**, through which we aim to explore how your use, perceptions, and attitudes towards these AI-based systems evolve over time. Our team of researchers from the Knowledge Media Research Center (Leibniz-Institut für Wissensmedien) in Tübingen, Germany, is conducting this study. We are specifically seeking participants from the US because many AI technologies are first launched there. The study has been approved by our local ethics committee (number LEK 2024/031). **Please review the following information carefully**

-----

**Procedure** This survey will take about 25-35min. We will first ask you a few questions about your use of AIs. This will be followed by questions about your perception of these systems, your attitudes towards and your knowledge about them. **Risks and benefits** There are no risks associated with participating in this survey. You will receive compensation as advertised by Prolific. We increase the compensation for each study. If you participate in all six surveys, you will receive an **extra bonus of 10\$**. **Participation requirements**

The survey cannot be completed on a smartphone. Please use a desktop computer, laptop, or tablet to complete this survey. Please make sure that you have a stable internet connection throughout the survey.

The prerequisite for participation is that you

- Are at least 18 years old
- Speak fluent English
- Reside in the US
- Already use AIs like ChatGPT, Siri, or Alexa OR are open to using these technologies in the following months

Participation in the survey is voluntary, and you can end the survey at any time by closing the window in your browser without any negative consequences. However, you will only be compensated for a completed survey.

### Confidentiality and data handling

All data will be treated as strictly confidential and will only be used for research purposes. By confirming below, you allow us to analyze your data for scientific purposes until further notice, and to use it in a completely anonymized form as part of a publication, and make it publicly available to other scientists. The data collection is pseudonymized. We automatically record your ID from Prolific, but we cannot link it to personal data like your (email) address. We will not collect any personal information beyond basic demographics, such as age and gender. We will invite you via Prolific to all follow-up surveys via your Prolific ID. This ID will be deleted from the data once the last survey has been completed, so that from this point onwards, the data is completely anonymized. The data is collected via the Qualtrics platform, which complies with the European guidelines on data storage. Name: Qualtrics LLC; CEO: Ryan Smith; Address: 2250 N. University Pkwy, 48-C, Provo, Utah 84604

**Usage of anonymized data** The study results and data will be analyzed by the Knowledge Media Research Center research team and used for scientific publication. The anonymity of the participants will be ensured in this process that is, data cannot be related to specific individuals. In accordance with the recommendations by the German Science Foundation (DFG) and the German Psychological Society (DGPs) for ensuring quality standards in research, the fully anonymized study data will be made accessible as open data in a trustworthy repository upon publication.

**Data withdrawal** On the **last page of this survey**, you can request that your data be deleted prior to analysis. **After that**, you can decide until the **end of the study series** whether to withdraw your data. Once the series of studies has been completed, it is no longer possible to withdraw the data, as the IDs will be removed, and we can no longer identify your data.

**Responsible person for questions or concerns:** Nico Ehrhardt Leibniz-Institut für Wissensmedien Schleichstr. 6 72076 Tübingen Germany Email: [n.ehrhardt@iwm-tuebingen.de](mailto:n.ehrhardt@iwm-tuebingen.de) Phone: +49 7071979312

**Data protection officers** Data protection officer of the IWM is Bert Bromann: [datenschutz\(ar\)iwm-tuebingen.de](mailto:datenschutz(ar)iwm-tuebingen.de) Data protection officer of Baden-Württemberg is Dr. Tobias Keber: [poststelle@lfdi.bwl.de](mailto:poststelle@lfdi.bwl.de)

End of Block: Introduction

Start of Block: Consent block

participant\_ID What is your Prolific-ID? *Please note that this response should auto-fill with the correct ID.*

---

informed\_consent

**Informed consent** I have read and understood the information about the study and confirm that my participation in the study is voluntary. I confirm that I am at least 18 years old.

I know that I have the option to withdraw my participation in this study at any time and without giving reasons, without incurring any disadvantages. I have been informed that I can only withdraw my data until the end of the study series. I have also been informed that my data will be stored on the Qualtrics server for the duration of the study. I hereby declare that I consent to the recording of study data as part of the study and its use in anonymized form for scientific purposes, including publication in scientific journals.

*Please check “**Yes**” to provide your consent and continue, or “**No**” if you do not wish to participate.*

- ☐ **Yes** - I consent, I wish to proceed with the study. (1)
- ☐ **No** - I do not consent, I do not wish to participate. (2)

---

*And open\_to\_use = 2*

stop\_no\_filter Dear Participant, Thank you for your time and interest in our study. As you indicated that you do not currently use AI and are not open to using it in the near future, we kindly ask that you return your submission on Prolific by selecting the 'Stop without completing' button. This study focuses on perceptions of AI evolution, so we are specifically seeking participants who interact with AI or are open to doing so in the coming months. Unfortunately, we are unable to compensate you, as we did not collect any survey data from you beyond your consent and Prolific ID. Rest assured, this data will be deleted. We appreciate your understanding and cooperation. **Please return your submission on Prolific by selecting the 'Stop without completing' button.** Thank you once again for your interest in our research. Have a nice day 😊 *Click the button below to be redirected to Prolific.*

Start of Block: General Information about AI

transition\_text

**In the following, we will ask you a few questions regarding your experience with AI systems and if so, how you use them.**

By AI systems we refer to dialog systems, also known as chatbots, digital assistants, or virtual agents (e.g., ChatGPT, Microsoft Copilot, Siri, Alexa, ...).

They are designed to perform tasks that typically require human intelligence and simulate human-like conversations through text-based or speech-based interactions.

exp Please indicate your level of experience with AI systems. **I have...**

- ☐ **No Experience** I have never used AI systems. (1)
- ☐ **Minimal Experience** I have used AI systems a few times but rarely. (2)
- ☐ **Moderate Experience** I use AI systems occasionally and understand their basic functions. (3)
- ☐ **Strong Experience** I use AI systems often and have a solid understanding of their features and capabilities. (4)
- ☐ **Extensive Experience** I extensively use AI systems and can effectively utilize their complex functionalities. (5)

Please indicate your agreement to the following statements.

	Strongly disagree (1)	Disagree (2)	Neither disagree nor agree (3)	Somewhat agree (4)	Strongly agree (5)
<b>If given the opportunity, I would let an AI system make most of my decisions. (1)</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>I think AI systems will eventually make better decisions than humans in most areas. (2)</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>I would feel relieved if AI systems could take over decision-making responsibilities in my life. (3)</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>I would be willing to let an AI system learn my preferences over time to make better decisions for me. (4)</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
<b>In case I cannot, I would trust an AI system to make important <u>financial</u> decisions on my behalf. (5)</b>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

In case I cannot, I would trust an AI system to make important medical decisions on my behalf. (6)

☐☐☐☐☐

In case I cannot, I would trust an AI system to make important legal decisions on my behalf. (7)

☐☐☐☐☐

I would prefer to delegate routine decision-making tasks to an AI system. (8)

☐☐☐☐☐

Using AI to make decisions saves me time and effort. (9)

☐☐☐☐☐

I am comfortable letting AI systems choose the best options for me in daily life (e.g., what to buy, where to eat). (10)

☐☐☐☐☐

attitudes We are interested in your attitudes towards AI in general. *friendly reminder: by AI, we refer to language-based, generative systems that perform tasks that would usually require human intelligence, such as learning, reading, analyzing, creating, or writing.* Please indicate your response to each of the following items. There are no right or wrong answers. We are interested in your personal views.

	1 - Strongly disagree (1)	2 (2)	3 (3)	4 (4)	5 - Strongly agree (5)
AI will make this world a better place. (1)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I have strong negative emotions about AI. (2)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I want to use technologies that rely on AI. (3)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
AI has more disadvantages than advantages. (4)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I look forward to future AI developments. (5)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
AI offers solutions to many world problems. (6)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I prefer technologies that do not feature AI. (7)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am afraid of AI. (8)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I would rather choose a technology	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

with AI than  
one without it.  
(9)

AI creates  
problems  
rather than  
solving them.  
(10)

When I think  
about AI, I  
have mostly  
positive  
feelings. (11)

I would rather  
avoid  
technologies  
that are based  
on AI. (12)

disclosure Again, please indicate for each statement, how much you disagree or agree with it.  
Even if you are currently not using any AI system.

	1- Strongly disagree (1)	2 (2)	3 (3)	4 (4)	5 (5)	6 (6)	7 - Strongly agree (7)
I feel that AI practices are an invasion of privacy. (1)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I feel uncomfortable about the types of information that AI collects. (2)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The way that AI monitors its users makes me feel uneasy. (3)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I feel personally invaded by the methods used by AI to collect information. (4)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I am concerned about my privacy when using AI. (5)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I would find it acceptable if AI records and uses information about my usage behavior. (6)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

I would  
provide AI  
access to  
information  
about me that  
is stored in or  
collected by  
other  
technological  
applications  
or systems.  
(7)

☐☐☐☐☐☐☐☐

I would  
provide a lot  
of information  
to AI about  
things that  
represent me  
personally.  
(11)

☐☐☐☐☐☐☐☐

I would find it  
acceptable if  
AI had a  
detailed  
profile of my  
person. (10)

☐☐☐☐☐☐☐☐

I would give  
AI access to a  
lot of  
information  
that would  
characterize  
me as a  
person. (12)

Percentage (%) ()

---

Page Break

obj\_know

We would now like to find out how much prior knowledge you have on the topic.  
Please indicate whether you believe the following statements to be true or false.

Please also indicate how confident you are in the accuracy of your answer.

[Large Language Models (LLMs) are AI systems that generate human-like text. ChatGPT for example is a LLM.]

	Is this statement true or false?		How confident are you?					
	True (1)	False (2)	I guessed - 50% (1)	60% (2)	70% (3)	80% (4)	90% (5)	I am sure - 100% (6)

LLMs are trained with a large amount of text data (e.g., internet, social media). (1)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

LLMs calculate for their answers which word is most likely to come next. (2)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

The responses of LLMs may be biased (e.g., racially) based on the data they were trained on. (3)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

The statements of LLMs are always correct. (4)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

Humans can still easily recognize AI-generated speech as artificial speech. (5)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

LLMs can intentionally lie and spread false information. (6)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

Humans can answer questions about a text better than LLMs. (7)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

LLMs have learned to understand language like a human. (8)

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------	-----------------------

LLMs have no real understanding of what they write. (9)

☐☐☐☐☐☐☐☐

In machine learning, two common groups of strategies to train algorithms are supervised and unsupervised learning. (11)

☐☐☐☐☐☐☐☐

Artificial neural networks attempt to fully replicate neural networks in the brain. (12)

☐☐☐☐☐☐☐☐

Using AI, videos can be created that are indistinguishable from videos created by real people. (13)

☐☐☐☐☐☐☐☐

A strong AI can make decisions on its own. (15)

☐☐☐☐☐☐☐☐

Machine learning is based on statistical principles. (16)

☐☐☐☐☐☐☐☐

A chatbot can correctly answer the question "Will it rain tomorrow?" with a high probability. (17)

☐☐☐☐☐☐☐☐

The language understanding of AI systems does not yet reach that of humans. (18)

☐☐☐☐☐☐☐☐

The automatic generation of texts has already been used for years in journalism and e-commerce, for example. (19)

☐☐☐☐☐☐☐☐

Content created by AI must be legally marked as such. (21)

☐☐☐☐☐☐☐☐

truth\_answer\_check

Please answer truthfully: I made every effort to adhere to the instructions and provided honest responses. I refrained from selecting random answers or deliberately providing incorrect information. (Please note: your response to this question will not affect your payment; it is solely intended to enhance data quality for meaningful scientific analysis). Thank you 😊

- ☐ Yes, I provided honest responses. (1)
- ☐ No, best to not use my data for meaningful analysis (I gave random answers) (2)

---

Page Break

consent\_use\_of\_data Thank you very much for your participation in this survey. This is the end of it (finally). 😊 You are making an important contribution to research into the perception and use of AI tools in everyday life. This was last of six survey waves. No more to come. **Do you consent that we use your anonymized answers for research purposes?** (If you click "No" we will not use your answers)

- ☐ **Yes** - I consent. (1)
- ☐ **No** - I do not consent. (2)
- 

consent\_future\_conta We would like to keep the possibility of inviting you to participate in future follow-up studies related to this research. To do so, we would need to securely store a key that could allow us to re-identify your anonymized data later. Your data will remain fully anonymized for all research analyses. We would only use the secure key to match your responses to your Prolific ID if we need to contact you for future studies. This key will not be used for any other purpose. Please note that your Prolific ID is the only identifier we have; we do not collect or store any personal information such as your name or email address. Would you agree to us keeping this key so we can invite you to possible future studies?

- ☐ **Yes**, I understand and I agree to be contacted for future studies. (1)
- ☐ **No**, I do not wish to be contacted again. (2)
-
